

# AIRBORNE PATHOGEN LIFE-CYCLE

An infographic by @nousaerons available on letsair.org

## ① DISSEMINATION

- by ballistic droplets
- by aerosol droplets
- by direct contact  
with mucosa surfaces (mouth, ...)

## ② STORAGE

- in the air  
in an aerosol droplet
- in a fomite  
on a surface (table, ...)

## ③ ENTRY

- by mucosal contact  
mouth, nose, eye
- by inhalation

# AIRBORNE PATHOGEN LIFE-CYCLE MANAGEMENT

An infographic by @nousaerons available on letsair.org

## ① DISSEMINATION

## How to manage ?

- by ballistic droplets
- by aerosol droplets
- by direct contact  
with mucosa surfaces (mouth, ...)

## ② STORAGE

## How to manage ?

- in the air  
in an aerosol droplet
- in a fomite  
on a surface (table, ...)

## ③ ENTRY

## How to manage ?

- by mucosal contact  
mouth, nose, eye
- by inhalation

# DIFFERENT PATHS FOR A PATHOGEN

An infographic by @nousaerons available on letsair.org

## DIRECT CONTACT

## DIRECT DEPOSITION

## INDIRECT CONTACT

## AIRBORNE SHORT RANGE

## AIRBORNE LONG RANGE

## AIRBORNE & ASYNCHRONOUS
